ABOUT ME

I'm a passionate Computer Science/ IT student, I'm a caring, calm and rigorous person. I'm studying at Epitech Montpellier. I can't wait to discover new things and to share my passion with you!

MY HISTORY

I got scientific degree at high school

2019-2021

I was studying maths, physics and computer science at high school, I got my degree with 15.10 average mark, so I got it with high honors.

My professional objective

2023

My objective is to learn as much as possible, I want to discover new technologies, to practice those I already know and to get better in each domain. I also would love to discuss with people who share my passion for IT and technologies.

MISCELLANEOUS

I love going to the gym since 2022, and playing guitar since 2020. When I have free time, I like to create video games, so I participated to the Global Game Jam in 2023 . If you want to see my game, go check my portfolio!
